

IBRAHIM. H. SILLAH

PORTFOLIO: <https://ibzo.github.io/index.html> EMAIL: ibrahimsillah26@yahoo.com

Profile

Versatile Computer Games Development graduate skilled in C#, Unity, and web technologies. Adept at developing efficient, well-structured code. Committed to delivering reliable, high-quality software solutions.

Skills

C#	C++
Unity	Web Development
Java	Python

EDUCATION

DipHE – University of Westminster Computer Games Development	2018 - 2022
AS-Level – St Michael's Catholic College Computer Science, English Language, Economics	2015 - 2017
GCSE – St Michael's Catholic College 1A, 5B's and 4C's including Computer Science and Physics	2013 - 2015

PROFESSIONAL EXPERIENCE

Audio Engineer Kharis Ministries	Apr 2019 – Ongoing
<ul style="list-style-type: none">Led and mentored a sub-department to strengthen members' understanding and communication of key concepts, improving clarity, confidence, and collaboration.Designed and maintained structured administrative systems ensuring GDPR compliance and efficient coordination.Delivered technical training for new audio engineers, expanding the operational capacity and reliability of live sound teams.Applied systematic problem-solving and technical precision.	
Logistics Operative / Courier Driver Temper	Aug 2024 – Nov 2024
<ul style="list-style-type: none">Worked across multiple client sites using digital logistics platforms for inventory management, routing, and real-time tracking.Ensured accuracy and integrity of operational data, developing a methodical, systems-driven approach to problem solving.Identified inefficiencies in daily processes and introduced small workflow improvements, reinforcing an interest in automation and process optimization.Applied analytical thinking, precision, and adaptability.	
Logistics Operative Aeguana	Aug 2023 – Jan 2024
<ul style="list-style-type: none">Managed inventory and production materials using digital systems to track stock and fulfil production requirements efficiently.Designed a tracking system to monitor deliveries, stock levels, and allocations, improving accessibility of parts and reducing downtime.Supported coordination between warehouse and production teams through data-driven decision-making.Developed structured workflow methods and process optimisation skills.	
Warehouse Assistant Drakes	Apr 2022 – Aug 2022
<ul style="list-style-type: none">Organised and maintained stock locations to optimise retrieval times and ensure fast, accurate order fulfilment.Recorded and updated stock data in warehouse management systems to maintain accurate inventory levels and reduce purchasing errors.Monitored database integrity for both current and incoming stock, ensuring reliable access to product information.Strengthened data accuracy, system management, and attention to detail	

ACHIEVEMENTS

National Citizen Service Award

- NCS is an organisation which allows young people between the ages of 15 and 18 to create an impact on the community they live in by fundraising, raising awareness, or any other impactful campaign they wish to carry out.
-

EXTRACURRICULAR ACTIVITIES

Gaming Events

- Attended several local hackathons which challenged my skills in programming and problem solving.
- Participated in several game jams, including the 2019 Global Game Jam, we were given 48 hours to create our own game based on the theme given.

Others

- Created and lead a society in my university, aimed at helping students to grow in many aspects of their lives to be happy and successful whilst in university.
-

PERSONAL INTERESTS

- I have always been interested in sports and fitness. I have played many competitive sports, mainly football
- Joined several drama academies and achieved a few awards for performance.
- I produce creative content such as coded games, videos, and music.
